STEP 2: THE 3-STEP AURIC SHIELDING RITUAL

How to complete: Perform this visualization and breath practice. Fill in your personal resonance anchors for each layer.

Shielding Layer	Visualization & Energetic Action	Personal Affirmation / Focus
1. The Golden Core Inner Sovereignty	Ignite a brilliant golden spark in the solar plexus; expand it outward to fill the entire physical body with vitality.	"My core is sovereign and anchored in light."
2. The Violet Cloak Transmutation & Clearing	Envision a rich royal purple aura 3 feet around you that immediately transmutes lower frequencies into neutral energy.	"Lower vibrations dissolve upon approach."
3. The Mirror Shield Deflecting Projections	Seal the outer edge with a reflective obsidian/silver boundary that allows your love to flow out while deflecting harm.	"Only love passes in; only truth radiates out."

STEP 3: INTENTIONAL GUARDRAILS FOR THE DAY
